

FIELD RULES AND MANAGEMENT GUIDE

Hickman County Model Aviators / 3327

The objective is to extend the privilege of enjoying the R/C hobby to all members and authorized guests, with maximum emphasis on safety and control. While this guide sets forth Club rules for this objective, nothing herein should overrule common sense and courtesy.

1. Park only in designated areas.
2. Spectators are not permitted in pits or on the flying field, fin- their own safety.
3. Small children **must be accompanied** by an adult at all times.
4. **AMA Safety Code** must be adhered to in all instances.
5. All fliers must be current AMA members.
6. All transmitters must have proper frequency identification attached to the antenna.
7. No transmitter may be operated for any reason without proper frequency control device attached; return promptly to control station after use.
8. Effective silencers are required for engines of over .10 cu. in. displacement.
9. Visiting fliers (AMA members only, for assurance of liability protection) must be accompanied by a club member and comply with all flying field regulations. The club member is responsible for the actions of his guest.
10. Alcoholic beverages are not permitted, to assure best reflexes and judgment.
11. Each flier is responsible for any damages caused.
12. No flying over neighboring property or retrieval of downed aircraft from neighboring property without the owner's permission.
13. Beginners are the responsibility of designated instructor/pilot(s) until competence has been demonstrated.
14. No maneuvers (except takeoff and landings) will be performed at an altitude of less than 100 feet over the landing and takeoff areas of the field.
15. **Absolutely** no flying is permitted over the spectator or parking areas.
16. Planes, transmitters, and other equipment must be kept in a neat and orderly fashion on the flight line. If areas are designated for specific frequencies, plane and gear must be kept in the area assigned to the proper frequency(s).
17. All trash must be placed in appropriate receptacles with policing of the field. Trash control is the responsibility of each member.
18. Instructions from the field manager for direction of traffic, takeoff and landing, and other special safety precautions required for conditions at that particular field will be adhered to by all fliers. Check with the field manager upon arrival at the field to determine special rules of the day.
19. Any violation of these Field Rules will be grounds for immediate temporary suspension of flying privileges by the field manager. Penalties will be determined by club officers.
